DETAILED ACTION

Allowable Subject Matter

1. Claims 1-18,21-62,102-141 are allowed. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or make obvious n a disk drive that includes a driver having a current control device of a head, a disk, a microprocessor, a driver and a voice coil motor, wherein the head reads from and writes to the disk, the microprocessor provides a command current to the driver, the driver provides a coil current to the voice coil motor in response to the command current, the voice coil motor radially positions the head relative to the disk in response to the coil current, and the coil current flows through a coil in the voice coil motor in a disk drive, the driver comprising: a sensor that provides a sense current by sensing the coil current in said voice coil motor; a comparator that provides an error current by determining a difference between the command current and the sense command current; an integrator that provides an integrated error current by integrating the error current; and an amplifier that provides the coil current by amplifying the integrated error current.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
